

## **REGISTRATION IS NOW OPEN!**

Join our webinar on "**DON'T GET HACKED: Detect. Defend. and Secure Your Digital Life**" on **August 13, 2026** from **2:00 PM to 4:00 PM** via **Google Meet**.

In today's hyper-connected world, cybersecurity is no longer just for IT professionals, it is an essential life skill for everyone. Learn how to spot phishing and online scams, create stronger passwords, enable Multi-Factor Authentication (MFA), practice safe browsing, protect your personal information, and respond effectively if your account or data is compromised.

This free and beginner-friendly webinar is open to everyone who wants to become more confident and responsible in navigating the digital world. Whether you are a student, employee, business owner, parent, or everyday internet user, this session will provide practical tips and strategies to help you, your family, and your data stay safe online.

Limited to the **first 250 registered participants only**. Register now by scanning the QR code or by accessing the registration link provided:
