

Leadership and Management in the Profession

Unit 1: Foundations of Leadership and Organizational Alignment

- **Learning Content:**

- Core Concepts and Theories of Leadership
- Global Leadership Attributes
- The Dark Side of Leadership

- **Intended Learning Outcomes (ILOs):**

- Explain what leadership is, what it accomplishes, and list global leadership attributes.
- Analyze the characteristics and impacts of the dark side of leadership.

Unit 2: Self-Awareness: Traits, Strengths, and Personal Development

- **Learning Content:**

- Key Leadership Traits (Intelligence, Confidence, Charisma, Determination, Sociability, Integrity)
- Leadership Traits in Practice
- Strengths-Based Leadership Framework and Practical Application

- **Intended Learning Outcomes (ILOs):**

- Identify and evaluate key traits necessary for effective leadership in practice.
- Explain principles of strengths-based leadership and apply them to personal and team development.

Unit 3: Leadership Philosophies, Styles, and Skills Application

- **Learning Content:**

- Leadership Philosophies and Core Leadership Styles (Authoritarian, Democratic, Laissez-Faire)

- Core Skill Sets: Administrative, Interpersonal, and Conceptual Skills
- Operationalizing Leadership Styles and Skills in Technical Settings

- **Intended Learning Outcomes (ILOs):**

- Differentiate authoritarian, democratic, and laissez-faire leadership styles and analyze how they function in practice.
- Explain and demonstrate administrative, interpersonal, and conceptual skills vital for computing leadership.

Unit 4: Balancing Task and Relationship Orientations

- **Learning Content:**

- Task-Oriented vs. Relationship-Oriented Leadership Behaviors
- Practical Integration of Task and Relationship Styles in Team Environments

- **Intended Learning Outcomes (ILOs):**

- Compare and contrast task and relationship leadership behaviors.
- Evaluate and apply task and relationship strategies to balance technical goals with interpersonal dynamics.

Unit 5: Strategic Vision and Organizational Climate

- **Learning Content:**

- Articulating and Implementing a Strategic Vision
- Elements of a Constructive Climate: Structure, Norms, Cohesiveness, and Standards of Excellence

- **Intended Learning Outcomes (ILOs):**

- Formulate, articulate, and implement a strategic vision within an organizational context.
- Design strategies to establish a constructive climate by clarifying norms, building team cohesiveness, and promoting standards of excellence.

Unit 6: Fostering Diversity, Equity, and Inclusion (DEI)

- **Learning Content:**

- Frameworks of Diversity and Inclusion
- Model of Inclusive Practices and Barriers to Inclusion
- Leader Actions That Advance Workplace Diversity

- **Intended Learning Outcomes (ILOs):**

- Differentiate between diversity and inclusion using recognized theoretical frameworks.
- Apply inclusive leadership practices and identify methods to remove systemic barriers within diverse IT teams.

Unit 7: Collaboration and Out-Group Engagement

- **Learning Content:**

- Dynamics of Out-Groups: Formation, Impact, and Organizational Consequences
- Strategies for Empowering and Integrating Out-Group Members

- **Intended Learning Outcomes (ILOs):**

- Explain how out-groups form and evaluate their impact on group performance and morale.
- Develop and apply communication practices to listen to, engage, and re-integrate out-group members effectively.

Unit 8: Conflict Management and Resolution Strategies

- **Learning Content:**

- Content Level vs. Relational Level Conflicts
- The Fisher and Ury Principled Negotiation Approach
- Kilmann and Thomas Instrument (KTI) Conflict Styles
- Strategic Communication for Conflict Resolution

- **Intended Learning Outcomes (ILOs):**

- Analyze conflict across content and relational dimensions.
- Utilize communication strategies, Fisher & Ury negotiation principles, and Kilmann-Thomas styles to resolve organizational conflicts.

Unit 9: Leadership Ethics and Overcoming Organizational Obstacles

- **Learning Content:**

- Six Pillars/Elements of Ethical Leadership Practice
- Cultural Influences on Leadership Ethics
- Identifying and Navigating Common Workplace and Leadership Obstacles

- **Intended Learning Outcomes (ILOs):**

- Analyze ethical dilemmas in leadership, incorporating cultural considerations and ethical principles.
- Formulate practical strategies to identify, address, and overcome complex technical and organizational obstacles.
